

## **Volunteers needed: Pilot Project : 7 October 2015**

Dear All

You may recall I mentioned our screening project at the AGM.

May I call on all Johannesburg Derms to give up a little of their time for this great cause!

We know from recent articles that pilots are having a higher risk to develop MM and this is a great way to raise skin cancer awareness.

So any help would be greatly appreciated

We are screening people at the CAPE TOWN Marathon at the moment and having terrific

support from Tygerberg and UCT – so Registrars are welcome

Here is our project:

In association with The South African Melanoma Society and Galderma there will be a Pilot screening on 7 October 2015.

The event will take place at

The Pilot Association, 10 Blockhouse Street, Kempton Park.

At this stage we have 50 Pilots who have registered for this event and are expecting to have 100 Pilots on the day.

The program would be as follows:

10 minute opening presentation before each session by myself, Dr Whitaker

10 minutes screening per pilot.

Ideally 4 doctors screening in each slot will allow for 20 Pilots per session/ (20 Pilots incl 10 minute presentation)

09:30 – 10:30 - 1st session

11:00 – 12:00 - 2nd session

12:30 – 13:30 - 3rd session

13:30 – 14:00 - Press session

14:00 – 15:00 - 4th session

15:30 – 16:30 - 5th session

To be a part of this event please contact Cerise Kruger on [cerise.kruger@galderma.com](mailto:cerise.kruger@galderma.com) or 082-497-9658 to coordinate times etc..

Thank you and hoping for your support

Dagmar Whitaker
